

UDELL AND WAHL REVIEW SALES AT WBC

Gerry Udell, Inc and **Lance Wahl** of the **Wahl Clipper Corporation** met recently at the **Western Buying Conference** in Las Vegas to review sales. "Wahl sales continue to increase significantly," says **Gerry Udell**, whose firm represents Wahl in the Northeast. "They continually introduce exciting new items that are readily accepted by the professional stylists and barbers. Most Wahl products are made in the USA and their quality is always excellent and consistent." Wahl also recently launched the **'19 Line** of men's grooming products, which commemorates the year 1919, when Wahl was founded.
